KEY TO SYMBOLS

Feather

Red symbols denote internal characteristics (inclusions). Green or black symbols denote external characteristics (blemishes). Diagram is an approximate representation of this article, and symbols shown indicate type, position, and approximate size of clarity characteristics. All clarity characteristics may not be shown. Details of finish are not shown.

This Report is not a guarantee, valuation or appraisal and contains only the characteristics of the synthetic diamond described herein after it has been graded, tested, examined and analyzed by the laboratory providing the Report ("GIA") and/or has been analyzed using the techniques and equipment used by GIA at the time of the examination and/or inscription. Inscriptions reported in this document are not a guarantee, valuation, or warranty of a synthetic diamond's quality, identity of origin or source, or that the article will be identifiable by the inscription in the future (since inscriptions can be removed). GIA makes no representation concerning any trademark, word, or symbol which is inscribed by GIA or which is identified on this Report. The recipient of this Report may wish to consult a professional jeweler or gemologist about the information contained herein.
